SUMMARY

Aspiring Web Developer with hands-on experience in building full-stack applications. Skilled in front-end and back-end development, database management, and creating scalable, user-friendly web solutions.

EDUCATION

Master of Computer Applications	2024-Present	CGPA 8.43
Mangalore Institute of Technology & Engineering		
Bachelor of Computer Applications	2021-2024	Percentage:93%
Senior Secondary (12th) - KSEEB	2020-2021	Percentage:80%
Secondary School (SSLC) - DPUE	2018-2019	Percentage:80%

SKILLS

Languages	: C++, Java, Python, JavaScript, C
Web Technologies	: HTML, CSS,Web Development
Database	: MongoDB, SQL.
ML & AI	: TensorFlow, Keras, CNN, Scikit-learn
Visualization	: Power BI, Seaborn, Matplotlib
Problem Solving	: Algorithm Design, Data Structures
Tools	: Flask, Git, Postman, Adobe Photoshop, Illustrator ,OpenCV, MediaPipe

PROJECTS

Real-Time Hand Sign Language Recognition
Technologies**:** Python, OpenCV, MediaPipe, TensorFlow, Keras, Flask
- Built a real-time system to recognize hand gestures using webcam input.
- Used CNN and MediaPipe for gesture detection and classification.
- Integrated with Flask to display live predictions on a simple web interface.

HireHub – Online Job Portal
Technologies: HTML, CSS, JavaScript, MongoDB, Git
- Developed a web portal for job seekers and employers.
- Implemented job posting, resume upload, and user management features

Movie Reviewer Platform
Technologies: HTML, CSS,JavaScript, SQL, Git
- Built a dynamic platform to explore, rate, and review movies.
- Used Flask and SQL for backend and data handling.
- Focused on user engagement and interactive UI design.

COURSES

- **Artificial Intelligence**: Knowledge Representation – NPTEL
- **Python Programming** , **DBMS**-Infosys Springboard
- **Introduction to Cybersecurity** – Cisco
- **ReactJS** – Udemy

ACHIEVEMENTS & ACTIVITIES

- React Workshop Attendee – Attended a workshop focused on building dynamic user interfaces using React.js, covering core concepts like components, props, state management, and basic hooks
- IoT Workshop Attendee – Participated in a workshop on the Internet of Things (IoT), gaining practical exposure to sensors, Arduino programming, and real-time applications
- NSS Volunteer – Participated in community service initiatives, awareness drives, and rural development programs organized under NSS
